

Interchangeable Platens

Compatible with DXA, DXE, and DXM presses

The doughXpress® Interchangeable Platens are a way to change crust size with ease. Ranging from an 8" platen, to a 17" platen for a variety of crust sizes. When any of the DXA, DXE, or DXM presses are purchased, an 18" flat platen is included. Complete the set of sizes or add a few different sizes to your pizzeria with our Interchangeable Platens.

ITEM # 8607053

16" interchangeable platen

DXP-17M

ITEM # 8607052

17" interchangeable platen

Interchangeable lower platen molds. For 8" - 17" finished pizza sizes with edge.

Interchangeable Platens

(DX Series Accessories)

PRODUCTION

- Each DX series machine comes with one 18" diameter flat platen.
- The DX series allows for making variable pizza/tortilla sizes and thicknesses
- The size of the pizza is determined by the weight of the dough ball and the thickness setting.
- Production depends on the desired size of the pizza:

9" to 18" = 75-100/hr

7" to 9" = 150-200/hr

VARIABLE THICKNESS CONTROL

- The DX series machines make it possible to achieve desired thickness and ensures consistent thickness at the same time.
- Each interchangeable platen has a built in dough ring edge.

LABOR

- Presses require no skilled labor.
- Presses are safe and have no age requirements.

PRESSING TIPS

- Recommended Time:
2-8 seconds
- Recommended Temperature:
110° - 150°F (43.3-65.6°C)

PLATEN FEATURES

- Compatible with all DXA, DXE, and DXM models.
- Aluminum material makes for easy clean up.

ACCESSORIES (Not Included)

- Platen Rack (shown on right)

CLEANING

- It is recommended to wipe down with a moist towel- if needed, use a damp sponge with minimal soap and water and then dry off.
